

## Teachers voting on contract

# Offer is within the AIB guidelines

**Haliburton** - A wage offer that is within the Anti-inflation Board guidelines will be voted on by Haliburton County high school teachers within the next day.

Bob Penfold, chief negotiator for the teachers and Len Salvatori, chairman of the Haliburton County

Board of Education's salary committee told The Haliburton County Echo and Minden Recorder, in a joint statement, that the two groups met last Thursday and came up with an offer that the teachers negotiating team will be taking back to the teachers.

Mr. Salvatori told The Echo that negotiations with the teachers never reached an impasse. He pointed out that the offer going back to the teachers means that a Factfinder, who was scheduled to begin working in the negotiations September 1, has been postponed until

the outcome of the vote.

Mr. Salvatori pointed out that the board will also have to vote on the proposed contract if the teachers accept it.

Mr. Penfold told The Echo that a problem of distribution of money under AIB guidelines has been

solved to "the mutual satisfaction of the negotiating teams."

Both men indicated that they cannot give details on the contract until the teachers have voted on it.

The high school teachers, who all teach at the Haliburton Highlands Second-

ary School, in Haliburton Village, and the Board of Education have been meeting since January 30.

Mr. Penfold pointed out that there have been seven negotiating meetings held to date, including the one last week, which was the

first since summer started. The contract expired this month.

The elementary teachers in Haliburton County settled their contract before the summer holidays started. They were within the AIB guidelines as well.

## Minden man wins Denimachine

George Hardy of Minden, the manager of the Haliburton Pioneer Museum, won a Denimachine in a Coca Cola draw. Mr. Hardy's new machine arrived in Haliburton last week. For more details see page 3.

## Charge 17 year-old with offence

A 17-year-old Windsor, Ontario youth has been charged with unlawfully being in a dwelling place as the result of an offence which took place between August 27 and 30.

The Minden detachment of

the Ontario Provincial Police report that William Darbison has been charged with the offence.

The offence took place at a cottage in Guilford Township which is owned by S. Young of Oshawa.

## Low lake levels could cause problem

Residents on a number of lakes in the area may have to make some changes in their waterlines if they expect to use them this winter.

In its weekly release, the Trent-Severn Waterway advised permanent residents and cottagers on KENNISIS, REDSTONE, CANNING, KASHAGAWIGAMOG and HAWK LAKES, that have year-round waterlines, that they "should

deepen, extend and/or insulate these lines this fall against lower water level this winter."

It is pointed out in the release that notices are being mailed to cottage associations, marinas and township councils on the affected lakes.

It is pointed out that the lakes could be two feet lower than usual.

## Young members are needed

Lesley Thomas of Norland says that the Norland Horticultural Society needs some young members to learn about planting flowers. Mr. Thomas is in charge of two of the society's gardens. See page 3

Chris Agnew, 7, and Lisa Lindsay, 9, accept a cheque from Floyd Tighe, Monmouth Fire Chief, and Reg Schofield, Deputy Fire Chief. The cheque, from the local firefighters, was for \$1,675 to help the new arena

fund. The youngsters were on hand to represent hockey and figure skating, the two greatest users of the arena in Monmouth. The fund has now reached \$37,000.

## Fire department donates to the Monmouth Arena

**Wilberforce** - The Monmouth Fire Department, with a donation of \$1,675 has helped raise the total to \$37,000 for the construction of a new arena in Monmouth. The Fire Department had previously donated a \$2,000

scoreboard and had a great deal to do with the demolition and the sale of the pieces from the old arena.

Organizers of the fund raising drive feel that things are going along quite well and pointed out that the next

attraction to raise money will be the annual Autumnfest.

The Autumnfest will be held this year on October 8 and 9 and will feature German food and a German band.

On the Saturday night of the Autumnfest there will be a dance and a country and western jamboree is planned for Sunday, October 9.

The steelwork on the new arena is expected to start this week and organizers feel that the construction is on schedule.

People interested in donating to the Monmouth Arena Fund can do so by sending their money to Box 10, Wilberforce, Monmouth Arena Fund.

Organizers pointed out that there are also a number of tickets still available on the

## Man charged with break and enters

A 28-year-old man has been charged with seven counts of break, enter and theft and two counts of break and enter with intent as the result of an investigation by the Minden detachment of the Ontario Provincial Police. Rodney Allan Kirkpatrick, of no fixed address, has been charged in connection with the incidents which occurred in the Raven Lake area.

# Three cars stolen in Haliburton

**Haliburton** - Two juveniles are facing charges as the result of an investigation by the Minden detachment of

the Ontario Provincial Police into the theft of three automobiles.

The detachment reported that a 1973 model car, owned by Joyce Bain of Haliburton, a 1972 model car owned by Luke Schell, also of Haliburton, and a car from the LaRue Motors car lot, were stolen.

Police details are sketchy on the incidents which happened September 5.

They report that the Bain vehicle was taken from the Bain residence and involved in an accident. There was \$3,000 damage to the car.

The Schell vehicle was recovered at LaRue Motors and apparently had received some damage.

The vehicle from the LaRue Motors lot was found by the Huntsville OPP.

The LaRue Motors building was broken into by one or more persons, as well.

## Back to school for local youngsters

It was back to school on Tuesday for Haliburton's students but it will be later in the week before any final figures on enrollment can be arrived at.

Doug Hodgson, Director of Education for the Haliburton

County Board of Education, told The Haliburton County Echo and Minden Recorder that there are still some students who are away and it will take a couple of days to get the figures straightened out.

## Massive traffic jam in Kinmount

**Kinmount** - a massive traffic jam Saturday, caused by the Kinmount Fair opening, kept five Cobocok detachment of the Ontario Provincial Police officers busy for five hours.

A spokesman for the detachment told The Haliburton County Echo and Minden Recorder that the officers started directing traffic at 11:45 a.m. and didn't finish that day until 5 p.m.

At times the cars were backed up on the highways

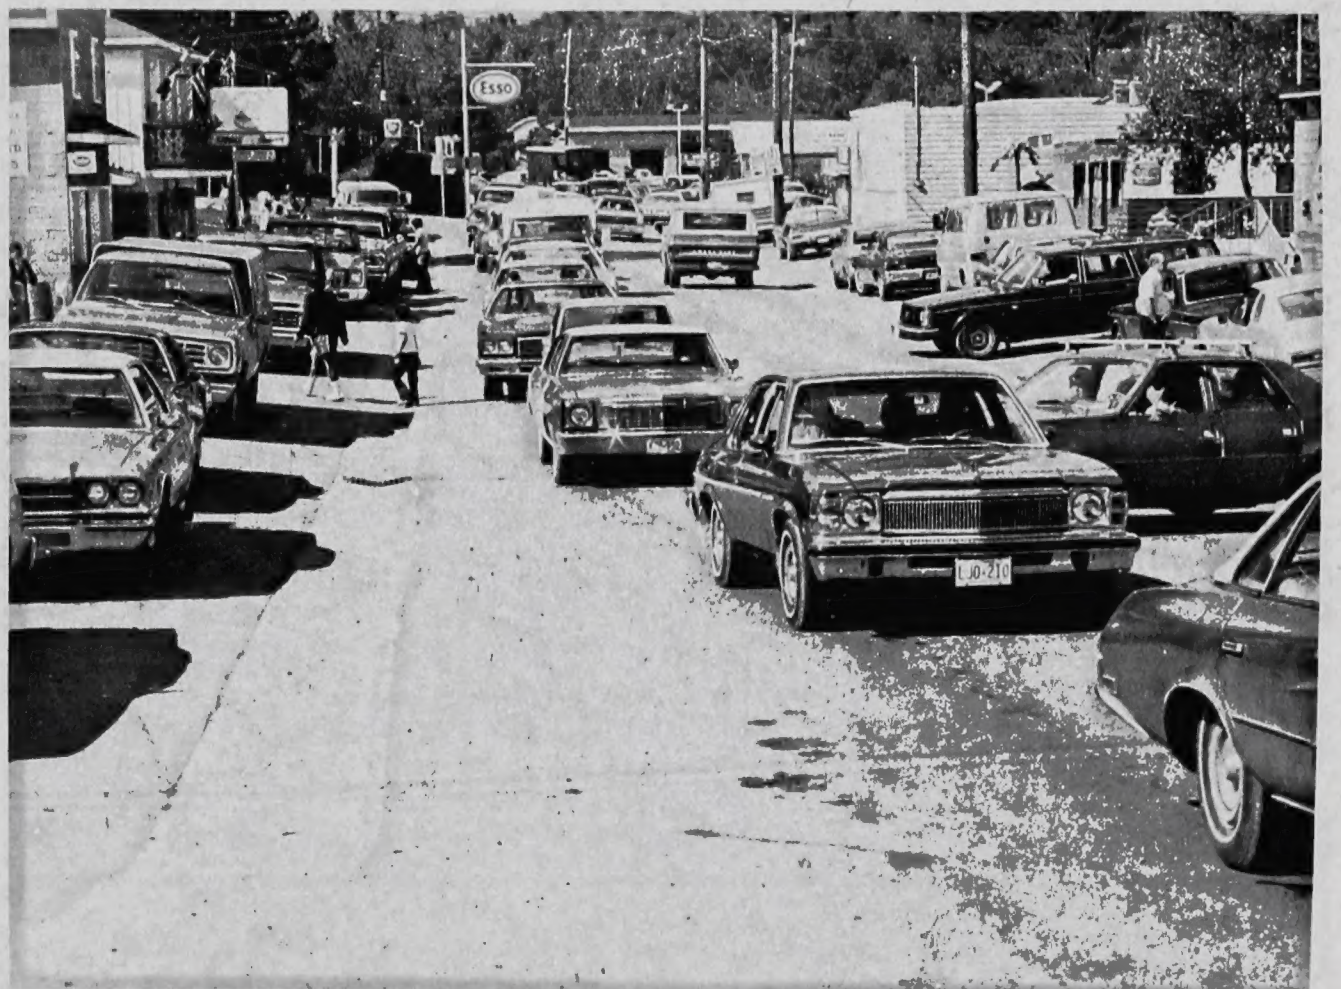

leading into Kinmount as far as five miles.

The OPP spokesman said that on Sunday it took four police officers three more hours, from 4 p.m. to 7 p.m. to get the people out of the fairgrounds.

Among the many problems created by the traffic jam was a late start for country and western singer, Carol Baker's show. Her band took three hours to travel from Norland to Kinmount and arrived about one hour late for the show.

## Minden woman wins \$10,000

Shirley Walker of Minden had luck going with her last week when she was a \$10,000 winner in the Wintario Draw. Shirley is employed at Stedman's in Minden.

The opening of the Kinmount Fair caused one of the biggest traffic jams in the history of this area, when cars got backed up as far as 4.5 miles on Highway 503. The cars were stretched out for miles on Highway 121,

in both directions, as well. It took hours for the jam to end and many people missed a large portion of the Saturday afternoon entertainment at the Fair.

Karen and Sheila Hunt, of Boston, visited The Haliburton County Echo and Minden Recorder office one day last week with their aunt Mae Clement. They were accompanied on their trip to the Highlands by their aunt, Sheila Morris of Boston.

## Minden OPP investigate 144 occurrences

Members of the Minden detachment of the Ontario Provincial Police investigated 144 general occurrences during the week of August 29 to Sept. 4.

During that time there were 23 motor vehicle collisions.

There were seven breaks investigated, three compassionate messages delivered, four persons charged with boating violations, nine persons charged with liquor violations and one person charged with impaired driving.

### Highland majorettes hold draw

Haliburton - Charles Gary Burke, of Haliburton, won the \$40 food voucher as top prize in the Haliburton Highland Majorettes' Draw.

The winning ticket was sold by Shawn Packard.

The \$20 food voucher went to Edith Halpenny of Cambridge. The ticket was sold by Lynne Stamp.

Nicole Kanters sold the most tickets.

### Animals in Distress

Minden - There is an old Childrens Hymn that everyone knows and which sums up all that we would like to bring to your attention regarding A.I.D. They always say that it isn't the fastest starter that wins the race. Take the Tortoise and the Hare.

Thus it is with A.I.D., starting slow but now gaining momentum. The tag day on the street, last Saturday, proved that when over \$500. was raised to help provide a shelter for Animals in Distress or A.I.D.

The children care and proved it by their effort with young Pat Brady getting \$75.00. Mind you they all worked hard and deserve the highest praise for their effort. Are we that callous that we won't back their hard work

## Star Wars to appear at local theatre

One of the greatest motion pictures ever produced is coming to the Molou Theatre. It's the one that everyone has been talking about, "Star Wars." The people we have been talking with, who have seen this movie, claim that it's something out of this world.

It has been billed as the year's best movie. "Star Wars" has brought fun back to the movies and glowingly demonstrated they still can make 'em like they used to. A grand and glorious film.

This great movie is starring Mark Hamill, Harrison Ford, Carrie Fisher, Peter Cushing and Alec Guinness.

In an effort to make sure that everyone has the opportunity to see this film, the management of the Molou Theatre are bringing it to the Molou for two weekends. It will be playing this coming Friday, Saturday and Sunday Sept. 9, 10, 11 and the following weekend, Sept. 16, 17, 18.

Be sure to come early as this movie is really going to pack them in and by coming early you will be assured of a good seat.

### IF PEOPLE SEEM TO MUMBLE -- ARE HARD TO UNDERSTAND...

Don't always blame them. Even a mild hearing loss can make conversation sound blurred.

Let us put your mind at rest. Get an electronic hearing test with a Beltone audiometer. This takes but a few minutes, and there is no obligation.

Come in and see us at our regular service centre at

The Norland Horticultural Society is becoming more and more famous for its flower beds in the village. Lesley Thomas, president of the society, and one of the people responsible for the beds, says that

people considering putting in flower beds should have a knowledge of the colors and varieties of flowers and should spend some time looking around at different gardens.

## Horticultural society president says younger members needed

Norland - Leslie Thomas, president of the Norland Horticultural Society, said that he would like to see some

young people get involved in the society and horticultural events. Mr. Thomas told The Hali-

burton County Echo and Minden Recorder that the group presently has 45 members and has been in opera-

tion for about 45 years.

Mr. Thomas said that presently the main projects of the society include three flower beds in Norland, two which he maintains and one which is maintained by Rotha Bryant. He noted that the group, which has only had one flower show, is considering having one next year.

Mr. Thomas said that his interest in flowers comes quite naturally, from four generations of flower lovers in his family. To plant the flower beds, such as the ones in Norland, Mr. Thomas said that you have to know the colors and variety of flowers to put in a bed.

He suggested that anyone considering putting in a flower bed should take a look around at the flower gardens in the area to see what grows best and what color each flower provides.

He pointed out that the beds he has planted in Norland have been quite

successful, noting that one fellow from Florida got Mr. Thomas to put two beds in at his home after seeing the ones in Norland.

## Storage is down to 48%

On August 29 the storage remaining in the reservoir lakes amounted to about 48 per cent of maximum. This value is slightly above the long-term average for this date, but individual lakes are slightly higher or lower than this due to operational limits on flow settings. Only the minimum has been drawn, but there was less rain than the previous week, resulting in the 2 per cent drop.

Concrete restoration has been completed on the Big Bob Lake dam and the storage percentage there will soon be adjusted to match the others. The construction

crew will be moving their operations over to Contau Lake dam the first week of September for restoration there. This Lake will be lowered some in advance of the work so that it can remain shut off during the restoration.

The Trent-Severn Waterway would like to advise permanent residents and cottagers with year-round water lines on Kennis, Redstone, Canning, Kashagawigamog, and Hawk Lakes that they should deepen, extend and/or insulate these lines this fall against a lower water level this winter. Early in March, if Trent-Severn Waterway

snow course data indicates a heavy freshet flow is likely, we will lower these lakes one to two feet. This will aid our crews in handling flows and levels downstream of these lakes when the freshet is underway. If a light snow pack is evident, of course, no winter stoplogs will be removed and some may be reinstalled to catch a more meager runoff.

Notices are being mailed to Cottage Associations, Marinas and Township councils on the affected lakes, however, you might want to mention this to your neighbors to ensure everyone can make the necessary changes.

## Haliburton Highlights

BY CREIGHTON FEIR

You know it's always hard to say good-bye, but this past week we have had to say good-bye to our summer visitors who have been with us, some for a few weeks, while others were here for two months. We hope that you have enjoyed your holiday with us and that you will keep returning in the fall and through the winter months. The fall is usually a grand time of the year here in the Highlands and we have a great many attractions lined up for you come this winter. So why not come back and join us. We will only be too glad to have you.

Last Wednesday night at the Haliburton Tennis Courts it was a first for the Tennis Club who have worked so hard to have floodlights installed for tennis playing after dark. At about 8 p.m. they pulled the switch and the lights were on. What a site it was to behold, to see that area all lit up and the playing surface showing up all in white. It will pay you to take a walk or a drive over to the Rotary Beach one of these nights and get a glimpse of the new floodlights. Our congratulations to all those who worked so hard to get these lights in operation. It's another step toward progress for the village.

The stealing of bicycles in Haliburton seems to be in season. Some person or persons seem to be getting their kicks out of stealing kids bicycles from their homes and either putting them behind garages or homes, or even driving them into the river. Most of these bicycles have been recovered but some kids who have lost their bicycles were really worried until they got them back. It's a good idea to put your bicycle in your garage or basement so no one can steal it. The OPP tell us that well over 100 bicycles have been stolen during the past two months.

On the brighter side of things, George Hardy who looks after the Haliburton Museum told us last week that well over 1500 people have visited the museum this past summer.

One day last week we had the opportunity to walk around the new, proposed park that will be constructed in the area of the CNR station and Head Lake. After looking it over we walked home thinking of the many great possibilities and things that can be done to make this a park that will draw in visitors from all over Ontario. When completed we picture this as another Ontario Place only on a small scale. It will take the co-operation of the Ontario Government, along with the municipal

council, service clubs and donations from individuals to make this become a reality. I thought about it for hours later, on ideas that I myself have for this park.

The Haliburton Hockey Haven have concluded their sessions at the Haliburton Arena and the ice will soon be coming out so that the much needed repairs and renovations can be made. In an effort to help meet the arena expenses this coming winter we must have a good hockey club. This means that we must have a good junior team that's going to be a winner. Let's hope that the hockey talent is here in Haliburton County so that we can ice a good junior team. Crowds were down last year but with a good team the fans should be able to see some real good hockey action at a price everyone can afford. Hockey is still your cheapest entertainment value.

Well we are back on the topic of weeds in the Village of Haliburton once again. We can't understand why it takes until the end of August every year before the municipality decide that they will cut the weeds in the village. A friend of ours was telling us last Saturday that he and his wife and kids took a trip to Gananoque and passed through many villages and towns enroute to their destination. He told us that every place they passed through the weeds were all cut and in the many places men were employed cutting the grass in most areas.

Now that the hockey season will soon be with us again, it's time to congratulate all those men and women who put in hours at the arena each winter looking after the minor hockey in one capacity or the other. It seems that every year it's getting harder to find people that will come forward to help out with these boys who want to be a part of the minor hockey organization. The reason seems to be that many who coach, referee, manage, or what have you, are getting sick, sore and tired of the abuse they have to take from parents and fans at the practices and the games. These people must realize that the men and women who are part of minor hockey are giving freely of their time and do not deserve to be abused, but are to be congratulated on their efforts for helping out. Let's not forget that if you keep your kid on ice, then you will keep him out of hot water.

Some citizens this past summer have been complaining of the amount of weeds at the Rotary Beach swimming area. Let's hope that the municipality will dump plenty of loads of beach sand on the ice during the winter months to make it a better swimming area for the future.

Haliburton has a new health food store running under the name of The Healthy Body Shoppe, with natural foods. It's located at the end store on Highland Street, across from Arrow TV and Communications.

## Motor vehicle collisions

From page 1

resulted in \$2,500 damage to a car driven by Gilbert Malcolm, 41, of Willowdale. The Minden detachment of the OPP report that the car was eastbound when it entered the south ditch going down an embankment and striking rocks. The accident took place Sept. 3.

A two car accident, Sept. 3, on boundary Road in Lutterworth Township, resulted in a total of \$1,800 damage.

There was \$1,000 damage to a car driven by Bruce Fraser, 50, of Barrie and \$800 damage to a car driven by Donald Graham, 18, of R.R.

1, Minden.

The Fraser vehicle was eastbound and the Graham vehicle westbound when they struck at the crest of a hill.

A car driven by Betty Scriven, 47, of Willowdale, received \$1,000 when it was involved in a crash at 8:55 a.m., Sept. 3.

The Minden detachment of the OPP report that the car was northbound on County Road 7 when it struck a tree on the west shoulder while rounding a curve.

A two vehicle accident at 10:35 a.m., Sept. 3, at the junction of Highway 35 and

Newcastle Street in Minden, sent two people to Haliburton Hospital with major injuries.

Mary Nowotny, of Toronto and Claudette Chevalier, also of Toronto, were injured when the car driven by Bernard Nowotny, 31, of Toronto, which they were passengers in, collided with a car driven by William Ingram 53, of Minden.

Both drivers received minor injuries in the crash and were also taken to Haliburton Hospital.

There was \$2,000 damage to the Nowotny vehicle and \$1,000 damage to the car driven by Ingram.

Nowotny has been charged with careless driving and failing to wear a seatbelt assembly.

## "Fun Day" planned

A "Fun Day" for all members of the Haliburton County Livestock Producers Association and their families will be held Sunday at 2 p.m. at the Lochlin Hall.

The hall is located at the corner of Highway 519 and Ingoldsby Road.

Each family is asked to bring enough food to feed themselves. All of the food

will be placed on tables inside the hall to form a pot luck supper.

Refreshments, ice cream and eating utensils will be provided. There will be games for all ages as well as competition between the different areas.

In case of rain the fun day will be held September 18.

## Huntersafety exams

A number of dates for Ministry of Natural Resources hunter safety examinations have been set.

In the Gooderham area, examinations will be held Sept. 14 and 22 and Oct. 12 and 27. The examinations will take place at 7 p.m. at the Ministry of Natural Resources office.

In Haliburton exams will be held Sept. 20 at 8:30 p.m. and Sept. 29 at 7 p.m. at the

Natural Resources office.

Dates set for Minden are Sept. 15 at 6:30 p.m. and Sept. 22 at 7 p.m. at the Natural Resources office.

Persons under the age of 20 years must take a hunter safety training course, given by a qualified instructor, before they can take the examination.

Details may be obtained from the Minden district office.

## Echoes of the Past

FIVE YEARS AGO:

Haliburton Highlands Secondary School will be the scene of an important Dental Clinic on Monday, September 18, when the Haliburton, Kawartha, Pine Ridge District Health Unit dentists will be fitting students with Proform Mouthguard for the cost of materials, at \$4. This type of guard would normally cost \$26 according to the suggested fee schedule of the Ontario Dental Association.

William C. (Bill) Scott, the Member of Parliament for the riding of Victoria-Haliburton since 1965, has announced his intention to seek renomination at the riding Progressive Conservative Association Nomination Convention to be held September 6th in Lindsay.

Murray Agnew, president of the riding's association, said it was decided to convene the nomination convention at this time because of the probability of a federal election being called in late October.

Announcement of the convention, and of Scott's candidacy, were made at a beef barbecue in Kinmount.

## Denimachine arrives in town

### George Hardy wins truck

George Hardy of Minden, the manager of the Haliburton Pioneer Museum, is one of 15 winners of denimachines from Coca-Cola.

Mr. Hardy picked up his van at LaRue Motors last Thursday.

The "Denimachine" contest, for Coca-Cola Ltd., was launched on April 25, 1977, and ran to July 15. On July 25 the draw was held to determine the winners of the \$21,000 "Denimachines."

"This is probably the most successful promotion ever held," said Bert Lloyd, Promotion and Sponsorship Manager of Coca-Cola Ltd. The contest drew entries that exceeded 1.4 million," Lloyd added. "We knew the promotion was going to be a good one but realistically very few people ever thought such overwhelming response was going to take place."

Replicas of the Denimachines were offered to the bottlers of Coca-Cola Ltd., across Canada. Sixteen bottling areas purchased their own vehicle. In all there were only 31 Denimachines produced for Canada.

Each "machine", valued at over \$21,000, started life as a Ford E-150 with air conditioning, 351 cu. in., V8 engine, power steering and an automatic transmission.

After Van Goodies, of Chicago, finished, the basis truck had been turned into a piece of automotive art. The exterior received a distinctive red, white and blue paint job, wide wheels and tires, spoilers front and rear, rear window louvers, dual sun roofs, and a solar scoop. Inside red shag carpet was added to contrast with the faded blue denim upholstery. Lots of cabinet space, a refrigerator, dinette and high back captain's chairs added to the "object d'art".

The drivetrain received some special attention. A 4-barrel carb and matching manifold were added to the 351 cu. in., V8 engine. Tubular headers, electronic ignition and chrome valve covers completed the engine mods. Anti-sway bars, front and rear, gas-adjust shocks and power steering all add to the driving pleasure of the "Denimachine".

Besides the 15 lucky grand prize winners, which were determined as per the contest rules on a regional basis, there are 1500 runners-up. A Chambray or Big Country check shirt and a pair of Levi's pre-washed denim bell-bottom jeans from Levi-Strauss of Canada Inc. will be presented as second prizes.

Scott LaRue, of LaRue Motors (left), along with Basil Cox, the local Coca Cola distributor (second from right), and Bud Ward of Coca Cola in Peterborough (right) were on hand at LaRue Motors last week to present the keys to a Denimachine to George Hardy of Minden. Mr. Hardy was one of 15 winners across Canada, of the trucks.

The Denimachine is quite an outfit as far as trucks and vans go. The Denimachine, won by George Hardy of Minden, is valued at over \$21,000. The basic Ford truck has been turned into a piece of "automotive art" according to a news release from Coca Cola. "The

exterior received a distinctive red, white and blue paint job, wide wheels and tires, spoilers front and rear, rear window louvers, dual sun roofs and a solar scoop. Inside the red shag carpet was added to contrast with the faded blue denim upholstery," the release stated.

## Echo editorials

### Price of gas may drive people to cities

The movement of people from the city to the country just may reverse itself if the cost of gasoline continues to go up.

We are continually taking it on "the nose" so to speak with price increases in essential services. Hydro always seems to be asking for an increase, home heating fuel has gone up in leaps and bounds and the price of gasoline isn't exactly levelling off.

It is fine for some politicians and civil servants to sit back and tell people that if the price of gasoline is getting too high, we should be using public transportation.

That is alright if you live in a city where there is bus service or in the Toronto area where there is subway, bus, train and many other low cost transportation methods, but for us in Haliburton, we still have to rely on our automobile.

We find that in an area where we have to use our cars so much and have no alternatives, the price of gasoline is even higher than cities where there is competition in the form of public transit.

Perhaps it is time the governments of Canada, if oil costs are that high, got around to subsidizing cars owned by people in non-public transit areas, because no doubt our tax dollars are used to subsidize Go Transit and other public transportation systems throughout the province.

### Lower water levels

Water levels appear to be falling rapidly in the lakes and rivers in Haliburton County and as far as the news about the condition goes, nothing seems to be in the works to improve it.

The report one week ago, on the Trent Canal, said "The rainfall and cool weather of the past weeks continued to dampen holiday spirits but has held storage losses on the reservoirs to less than one per cent for the past week."

The rainfall and cool weather might be disturbing to the people on the Trent Canal, but the low water is much more topical in the Haliburton area.

People can put up with a little bad weather but not many are happy to find that everytime they take their boat out in the lake they are taking a chance of doing some expensive damage.

The Trent Canal may be an important tourist attraction for the people in Peterborough, Fenelon Falls and all the other towns along it, but the waterways in northern Victoria and Haliburton Counties are important tourist attractions as well.

### Success of the fair

The Kinnmount Fair was, as usual, a resounding success. Large crowds filled the fairgrounds for both days of the event, and a little help from the weatherman kept them there all day.

The Kinnmount Fair is without a doubt the biggest success story in the fair and carnival business in the northern part of Victoria County and in Haliburton County.

The fair is a success for a number of reasons, including the fine facilities at the fairgrounds, a good grandstand show, the country fair atmosphere, an excellent midway and a number of other attractions, but the big reason for the success is still the hard work put in by the Fair Board and the people involved from the area.

The Kinnmount Fair seems to be growing every year and as long as all those involved keep working at it, the fair will always be the biggest and most successful in the area.

### A helping hand

The people of the Haliburton County area have a knack of being willing and able to help those who have experienced some misfortune.

A fund set up by Lutterworth Council, after a fire destroyed the home of Mr. & Mrs. Roy Greer, on Davis Lake Road, is another example.

The generosity of the people will at least lighten the burden put on the Greers by the fire.

The people of the area should be commended for the effort they put into these worthwhile causes.

HALL'S LAKE, SCENIC HIGHWAY TO DORSET, ONT.

Our Pic of the Past this week shows the scenic highway to Dorset which is now known as Highway 35. The photo was taken in 1930 near what we now call Sarah's Lookout at Halls Lake. This was at the time when they were

building this section of the highway which in later years was paved. Our thanks to Mrs. Eldon Deacon of Minden for kindly submitting this photo.

## Feir Play

by Creighton Feir

You can talk all you want about the Lindsay Fair, the Haliburton County Fair, or other Fair's in Ontario, but when it comes to holding a real fair you have to hand it to the people of Kinnmount who put on one of the best fairs held anywhere in Ontario. The traffic jams Saturday of the fair was something to behold. One would think that every person in Victoria and Haliburton turned out on Saturday to view this outstanding event. One thing that the Kinnmount Fair Board aren't afraid to do and that is to spend money. This has to be one of their secrets. Hats off to the Kinnmount Fair Board.

\*\*\*\*\*  
We are pleased to welcome Dr. Ed Christiansen back to Haliburton following a three months vacation that took him to various parts of the world. Dr. Christiansen, who retired from medical practice just recently, has become very active in the community, especially in church work and helping over with the senior citizens. We welcome you back, Ed.

\*\*\*\*\*  
Mae Clement, of Haliburton, was in our office the other day with her two nieces from Boston, Mass., U.S.A. Mae is a sister to Ken Austin of Dryden who was a former resident of Haliburton. She told us that at one time years ago she worked for the old Minden Echo and Haliburton Recorder.

\*\*\*\*\*  
For the past several months the Senior Citizens Club of Haliburton have been looking for a drop-in centre in Haliburton. First they thought that they could get a spot in the new curling rink but they couldn't raise the funds for this project. They have looked all over town for a spot and have now decided to meet once a week, on Thursdays, in the basement of the Orange Hall. We would like to suggest that they could have a drop-in centre if they would use the arena auditorium. It's a wonderful spot, heated the year round, with all the facilities now installed. The question comes up that there are too many steps from the ground floor to the auditorium. This could be overcome by the installation of an elevator.

\*\*\*\*\*  
You know there is one commercial that really gets me down on T.V. It's the Coca-Cola - Pepsi test. If I was a betting man I could sit down every time and tell when I was drinking Coke. Who are the Pepsi people trying to fool.

\*\*\*\*\*  
While driving to Peterborough the other day one thing stood out in our minds while travelling through the small towns. It's the progress that has been made in Cobocok. Here is a town that seems to be really going ahead. New businesses seem to be cropping up

all over the place and they have a couple of small industries. It is also a thriving community during the tourist season.

\*\*\*\*\*  
The Sanitary Sewer Construction, in Minden, is just about completed and the council are now busy repaving the roads following construction. Some people in Minden were a little upset over the inconvenience when the sewers were being put in, but if we are to have progress we must put up with a few problems as they arise. Congratulations to Minden who now have sewers and town water.

\*\*\*\*\*  
It's just about time that some of these hoodlums who are going around the county stealing flags from flagpoles were put in their place. The time has come when the courts have to stop this pussy footing around and make these sentences a lot stiffer or we are going to be in for a lot of trouble. It seems that the OPP do their job in catching these people but they are let off the next day and told to go home and be good boys and don't do it again. This sure isn't the answer.

Many flags have been stolen in Haliburton and Minden and surrounding area and a friend of ours was telling us the other day that three flags were stolen at the Silver Beach Camp grounds near Haliburton, while other flags have been taken at Blue Haven, Locarno and Wig-a-Mog to mention just a few. In some cases the flag poles have even been cut down or damaged. What a pastime this seems to be for a few people. These flags cost a considerable amount of money and most of the business people and resort owners are really up in the air about it.

\*\*\*\*\*  
With all of this vandalism we seem to have to put up with not only here, but in all parts of Ontario, it seems to us that we have to get more discipline in our society. If things get much worse it may come to the time when vigilante groups will have to be formed to bring back law and order. This certainly has no reflection on the OPP who are doing a great job, but they can't be everywhere at the same time and they are going to need the co-operation of the general public. The destruction of public property seems to be the theme of the day.

\*\*\*\*\*  
Everyone in Haliburton seems to be wondering when the second phase of Sanitary Sewer project is going to get underway. We have waited a long time so let's get on with the job. From what we can gather it seems to be a question of the Ontario Government moving at a snails pace.

## Editor's Notebook

by Jim Badgley

Everyone should own an automobile, if for no other reason than to test your patience.

Two weeks ago, on a Saturday evening, I was out in Stanhope Township to take some pictures of a softball game between the Stanhope Firefighters and Carnarvon-Stanhope Ladies Softball team.

After taking a few pictures, I decided that it was time to leave before the crowd was departing down the one lane driveway. My car turned over once and failed to go.

Now the only tool I carry in my car (at least the only tool up until that time) is a screwdriver. There just wasn't anything I could possibly do with a screwdriver to fix the auto.

So I stood around looking under the hood pretending that I knew what I was doing. I must have been doing a convincing job of pretending because nobody offered to help me out.

One fellow though, stood back a few hundred feet

and watched for a few minutes. He must have realized that I had a lack of tools and even more important, a lack of knowledge about the mechanical workings of an automobile.

After watching for a little while he came over, fully equipped with a tool box and in all likelihood, a lot more knowledge about cars than your's truly possesses.

Well he let me fumble around using his tools for a little while but then he took over and within minutes the Badgley family was on its way down the highway.

Now I cannot blame the car for not functioning properly. I am not exactly the greatest owner an automobile ever had. I know enough to have the oil changed and things like that every so often, but I still am a little leary about what makes the car function.

Anyway, since that time, my car has had no trouble starting and no trouble running. Thanks to the fellow with the tool box.

## As others see it

To the Editor:

We have been a subscriber to The Echo for many years and look forward to reading it. However, recently it is sometimes the middle of the following week when we receive the paper.

Can you help?

Sincerely,

Paul Baker

Dear Editor:

Once 'pon a time, when I ere young, I had great ideas t' start me a newspaper here, but never got round t' it. Was gonna call it the "Daily Bread" - I'd have every dang bakery, grocery store, and every church, givin me free publicity.

Was also gonna put a l'il sex into it too, yep - sorta like a combination of pants-house 'n tha Toronto Sun. The centre fold would be a beautiful nude - a big black female bear without any fur on it. I'd also have what I figures most citizens want - tha good ole "Gossip Column."

Thar-4, I'd find me the wildest ole blabbin hussy, give her three bottles o' whiskey, n' I'll betcha smelly boots she'd write stuff that would make yer hair stand on end. I'd have pictures 'n stories of all tha local drunks. I'd have me a great big section callin it the "Liar's Page" - boy, let me tell ya....!

My report from them government places - if thar would be NO mention 'bout Minden, Haliburton, Wes Guilford, I'd have great big large thick fat letters readin "NOPE\* NOT A DARN THING MENTIONED ABOUT US YET!"

My paper would sponsor a Mrs. Bikini Contest for all them chicks over fifty. I'd fight like hell t' lower taxes here and increase them t' tha hilt in Toronto. Paint all tha roads red, n' the main streets tartan. Bring in them body-rub joints with all them fancy gals (heh heh), n' all them big gamblin joints, n' plenty o' them high class boozy joints, n' make this a real hum dandy four-seasons hangout - yippee. Erect a 60 feet statue of my grandmaw with a rollin pin in her hand - tha old sourpuss, may she rest in peace upright. Put in a few more toilets with real toilet paper. I'd git me a newspaper spy n' send him round to all the local Legions and hotels - he should bring back some hot dang stories let me tell ya. I'd rite all them important editorials m'self - would take a l'il lyin here and thar but thats what I'm good et (lyin, I mean).

I wouldn't have the foldin type o' paper like yers - the "Daily Bread" would be sold in rolls - buy all you can read and ya only pays fer what ya pulls out (mind ya, a rolled paper kin serve other purposes then just readin). It would be five inches wide. I wouldn't have any advertisements - ya'd have t' buy the Echo or Recorder fer thet.

Bin hearin round town that ya bought the Minden Recorder - congrachalashuns. (N.P.) I was gonna buy the Minden Recorder too, but at thet time I didn't have fifteen cents.

Subscribingly yers,

Bob [Tiger] Choma

P.O. Box 128,

Haliburton KOM 150

(Lookout Road, Lake Miskwabi)

Dear Sir:

I have had the paper mailed to me for a year and enjoy keeping up on the Haliburton news.

I also read your Gems of Truth every week and wonder who writes it? Why is it kept a secret.

Sincerely yours,

Ruby W. McCutcheon

Editors Note: The writer of Gems of Truth is Rev. Amos Brubacher of Minden, Ontario.

## News from Extendicare

BY DR. O.W. ANDERSON

Monday morning it looked like rain and the atmosphere was warm, sticky and close. It was decided we would have our group exercise outside on the lawn. While this was in progress it started to rain and quickly came down in buckets full and we were all soaked. It had taken a half hour to assemble and a half minute to get inside. This scramble at least rated a good laugh from all of us.

\*\*\*  
Miss Shirley Frost, Elvin Douglas, Mrs. Vera Griffen, Mrs. Lottie Woodcock, Mrs. Rosena Dukes, and George Young, were honored in the afternoon as each had a birthday to celebrate in August. We made this an occasion to have a sing song in the lounge where refreshments were served consisting of a piece of birthday cake and tea. The work involved in baking the cake and icing it was donated by Mrs. Hazel Parish, Mrs. Hazel Welch, Mrs. Florence Burke, Mrs. Mary Currah, Mrs. Alma Clement, and Mrs. Flora Walling. Thanks ladies from the Happy Gang.

The singing at this party was ably accompanied by pianist Mrs. Betty Salvatori. Thanks Betty. The party being over, our next contributor was none other than an old friend, pianist Carl Bohne, who treated us to a medley of lively music. This illustrates another debt we owe to the many volunteers, ladies and gentlemen who come in to these occasions and help with many of us who cannot help ourselves, or who go with us on bus outings for the same purpose. You who do will know who we mean and will know how much we appreciate your kind help.

\*\*\*  
An interesting feature of visiting friends or relatives at Extendicare occurred last week. Mr. & Mrs. Robert Knox, of Oshawa, took accommodation nearby so they could visit with their friends Mr. & Mrs. Elvin Currah. That arrangement makes for a very pleasant and enjoyable visit. It is to be hoped that others may copy this way of visiting.

BLUE  
RIBBON  
AWARD

1977

**Dear Abby**

By Abigail Van Buren  
© 1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: In my judgment, you are somewhat misguided concerning telephone courtesy.

The proper answer to someone who asks, "Who's calling, please?" is, "None of your business!" The exception might be a daughter who is not allowed to speak to anyone on the phone without her parents' permission, which in this enlightened age is ridiculous.

If the person who is called REQUESTS that the person answering the phone ask who is calling, it is perfectly proper to ask, but the caller should never get the impression that he must identify himself before he can find out if the party he is calling is available to speak.

The point I make is this: It's the obligation of the person answering the phone to tell the person who is wanted that he has a phone call. And only if the person called WANTS to know who is calling, should the party who answers the phone ask, "Who is calling?"

T.E.F.

DEAR T.E.F.: I agree, people should respect each other's privacy, and one should ask, "Who is calling, please," only when the caller wants to know. Your suggested, "None of your business," response is both ill-tempered and ill-mannered, and therefore ill-advised. And in the case of minor children, it is indeed a parent's business to know who is calling his or her child.

DEAR ABBY: I am a gal—well over 21. I mind my own business and wish other people would mind theirs. I have a friend (male) who buys my groceries. In return, all I give him is home cooking—believe it or not. He's in the process of getting a divorce, and hates to eat out. I think it's a good deal for both of us.

He usually sleeps here on weekends because we have wine with dinner and he's afraid to drive after he's been drinking on account of he doesn't have a driver's license. Some of my neighbors have slipped some very insulting notes under my door. I haven't done anything to be ashamed of. Is it fair to be judged on appearances?

UNJUSTLY JUDGED

DEAR JUDGED: No, but your neighbors can't be blamed for thinking there's more cooking at your place than home-cooked meals. If you don't want to be mistaken for a duck, don't walk like a duck, quack like a duck, or shack up with odd birds.

DEAR ABBY: I just read your advice to YOUNG WIDOW to try "Parents Without Partners" and I want to shout my approval.

I am a 43-year-old male with two grown children and 22 years of what I thought was the "perfect marriage" when my wife (now my ex-wife) told me to get out and make room for a married bus driver. Needless to say, I fell apart.

A friend suggested I go to a P.W.P. meeting and meet new people. I went, and it was the smartest thing I ever did. It helped me more than I had ever hoped for.

P.W.P. has chapters in every state of the union, Canada and Australia. And it's run by volunteers—all members of P.W.P. They have all sorts of activities, get-together parties, dances, picnics and even camping trips. It's geared to help parents without partners and their children.

Thanks for mentioning this great organization, Abby. It's worth checking out.

ALONE BUT NOT LONELY

DEAR ALONE: I have checked it out from every angle and have found it to be straight arrow, nonprofit and worth the plug.

## Pioneer Museum closes doors for year

This will be the final list of names for this year, because the Haliburton Pioneer Museum is closing on Labor Day.

Visitors were: Ivy & John Hogben, Mississauga; The Dawson Family, Newcastle;

Barbara Deans, Montreal; Joan Williams, Aurora; Alan & Dorcas Turney, Toronto; Camp Towhee, Cabin One, Haliburton; Ray & Karl dodham, Agincourt; Dianne Proctor, Newmarket; John Bostock, Cheshire, England; Jon Hill, Etobicoke; Nancy Kellar, Scarborough; Peggy Hulme, Pickering; Beryl Harris, Surrey, England; Davina Bostock, Hyde, Cheshire, England; Terry & Barbara Cummings, Oakville; Rosalind Swanton, Toronto; Lesley Broad, Toronto; A. Eric Finlay, Tory Hill; Mary &

Elwin Robertson, Haliburton; Mr. & Mrs. J.F. Belford, Tottenham; Lou Hodgson, Haliburton; Lloyd Madill, Haliburton; Mora Farncombe Vancouver; Sylvia Gruber, Toronto; Kenneth & Margaret Chitty, Toronto; Alan & Irene Hewitt, Sarnia; Mr. & Mrs. Manger, Ottawa; Barb Bolin, Haliburton; Anthony Adams, St. Catharines; W.H. Aton, Castle Bromwich, Birmingham; Sandra Lehoczy, Toronto; C. Besseling & Family, Binbrook; Alan J. Ross Family, London, Cecil & Gertie Baker, Burlington;

Featherstone & Olive Colling Milton; Mr. & Mrs. H. Maynard, Oshawa; Mary & Leslie Patrick, Toronto; Fred & Annie Kuehl, Uxbridge; Mr. & Mrs. J.S. Blears, Minden; D. MacKay & Family, Toronto.

I have saved the best for the last and I know you won't believe this, but last week we had a visitor from Wales by the name of Cynthia M. Parry, and her home town is (get ready) "LLAMFAIRP-WLLGWYMGYLLGOGER YCHLLANTISILIOGOGOF GOCH".

## Bill Smiley

Vanishing traditions

You can't hardly turn your back these days but one or other of our old traditions has either vanished or changed for the worse.

This great thought came to me, for no known reason, as I was speeding down the highway the other day, winning every time a big transport nearly blew me off the road, shouting opprobrium every time some punk in a sports car cut in front of me, emitting those vile noises reminiscent of a bear with the dire rear.

"You know, Bill," I said to myself, rather querulously, "one of these fine days, you won't be able to find a farmer who can drive a team of horses. Fix a tractor, yes. Drive a bulldozer, likely. But not knowing the difference between 'Haw' and 'Gee'."

Well, this thought, in its very profundity, made me sort of gloomy, and the gloom deepened as day after day came further evidence that our whole society, as you and I knew it, Mabel, is disappearing behind our very backs.

I was saddened when I took my two grandboys out to a local farm the other day, to pick some corn and beans. Plunked them down between the rows of corn and they were bewildered. The littlest howled with terror of this alien corn. They'd never been on a farm before, and may never be on one again. Quelle dommage!

I must admit they weren't baffled for long. In five minutes, Nikov was lost in the corn patch, locatable only by the piping "I found a big one, Grandad!" and little Balind was sitting in the damp clay, happily picking and eating yellow beans.

But I felt a twinge of pity for them, that they'll never ride on top of a load of hay, never get a squirt in the face of warm milk right from the cow's teat, never have the fun of turning the handle of a separator, never see a farmer sharpening a scythe on a grindstone, or a farmer's wife beheading the chicken that was to be dinner.

## An Open Fan Letter

Charles Plewman, is the gentleman's name. And to live life to it's fullest is his mission and aim. In his columns I have found his wisdom and wit. A rare thing in our times, and I've learned greatly from it. For my feeling is a person ought to be told when they've contributed so much to both the young and the old. So, dear Mr. Plewman, here's my thanks and my praise. For your outlook on life. Has brought light to my days. And if a man is renowned for what he has done, Then in your written word Recognition is won.

## Norland Notebook

By Barbara Maunder  
454-3233

The sun broke through and shone on the Muscular Dystrophy Carnival last Saturday, August 27, held in Dale Davey's back yard. Dale and her girlfriends, Anne Patullo, Margaret Quinn, Denise Gray, Linda Janke and Lorie Bartley, worked long and diligently to raise the \$105.00 for this worthwhile project. Many thanks from the girls to neighbors and friends for their donations of money and prizes for the carnival and to all who attended and helped in anyway towards its success. Mrs. Wittig was the lucky winner of the cake baked especially for the carnival draw.

On Wednesday, August 24, the contents and home of Mr. & Mrs. Roy Greer, on Davis Lake Road, Miner's Bay, were destroyed by fire. The Ladies Auxiliary of the firemen are holding a benefit dance for Roy and Sharron, on Saturday, September 10, in the Norland Community Hall. Please circle the date on your calendar and plan to attend to help this unfortunate family. The Country Rollers will supply the music for dancing from 9:00 p.m. to 1:00 a.m. and tickets are \$6.00 a couple. Donations to assist the Greers can also be made at the Norland Red and White Store, Kenata Grill and Canadian Imperial Bank of Commerce in Cobocok.

Jim and Jean Boyce attended the Chrysler Marine Dealers' dinner and dance on Wednesday evening, Aug. 31, in Orillia, and on Thursday, Sept. 1, viewed the new Chrysler Marine products for the coming year. Their son, Don, started his electrician apprenticeship job in Lindsay this week and will reside at his uncle's home in Dunsford while serving his apprenticeship. Another son, Doug, will be starting soon as a butcher apprentice in the Haliburton Red and White Store.

Mike and Lynda Easton returned this week after a holiday trip to visit and view the delightful scenery of Canada's Maritime provinces.

The residents of Nevison Drive had a little excitement recently when it was discovered that a skunk was inside the vehicle used as a garbage collection depot. The animal had its head stuck in an empty Cocoa container and because of this, could not see or smell anything but cocoa dust. Two grandchildren of the Brown's, who reside nearby, offered to try and remove the package and approached the creature and proceeded to tear off the cardboard of the container, but had to leave the metal ring around the skunk's neck. At no time did the animal try to spray the young people helping it and afterwards ambled off into the bush with the collar still in tact. So, if you happen to meet a skunk in the near future, wearing a cocoa tin collar, you will know from where the neckband came. Let's give full credit to the brave two youngsters who helped the unfortunate animal out of its predicament. Would you have dared venture that close to this particular breed of striped kitty?

The ladies of the Norland U.C.W. would like to thank everyone who contributed clothes and household articles to their Opportunity Shop this year. Your donations have been most generous and much appreciated by the group. There are enough articles on hand at this time to stock the shop until it closes in October and we ask you to refrain from further contributions because our winter storage facilities are quite limited. The Opportunity Shop is open Saturdays only from 1:00 to 4:00 p.m. and is situated on the east side of Highway 35, just south of Highway 503.

## Cobocok News

by Sheila Lake

Don't know what is really happening in Cobocok since I am well over 2,200 miles away, in Calgary, as I write this on Thursday morning, September 1st. We left home (we, being my husband and I, also my aunt, Mrs. Ada Irwin of Lindsay) on Saturday morning, August 27th. Arrived at White River - actually 16 miles west of White River, where we got a cottage for the night.

During the night there was a severe rain storm and as we headed west early Sunday morning we realized just how severe the storm had been. We had not gone far when we were stopped by a policeman who warned us of severe washouts. Go only 20 miles per hour, use highway at your own risk. In a lot of parts there was only one side of the highway usable.

Huge gouges out of the highway were a common sight through as far as Terrace Bay. Department of Highways crews and police were making sure that motorists were aware of the dangers.

We travelled on through northern Ontario, reaching Winnipeg about 7 p.m. Ontario time, 6 p.m. Winnipeg time. Visited friends, Doreen and Ed Greenleaf, for a short while, settled down for a good night's rest, then left for Calgary early the next morning. It was a long drive but we reached Calgary about 10 p.m. our time - 8 p.m. Calgary time. Coming through Butte, Saskatchewan the alkali, pure white like snow, was stunning. We thought snow had arrived early. On a previous trip we had come a different route so missed that sight.

Tuesday we headed out to Banff and Lake Louise, in the

company of my sister, her husband and girls. Had an exciting, though tiring day. On Wednesday we explored more of the city and took an inspection tour of three really fabulous homes. They were \$300,000 and \$400,000 homes and just an experience to see. Also took a drive around Lake Bonavista, the private lake for the home owners where my sister and husband live.

Of course, Lake Bonavista is not another good old Balsam Lake - but then here in Calgary there are not the big lakes like at home. One thing I noticed were signs like Raven Lake and Eagle Lake and so many names like those near home.

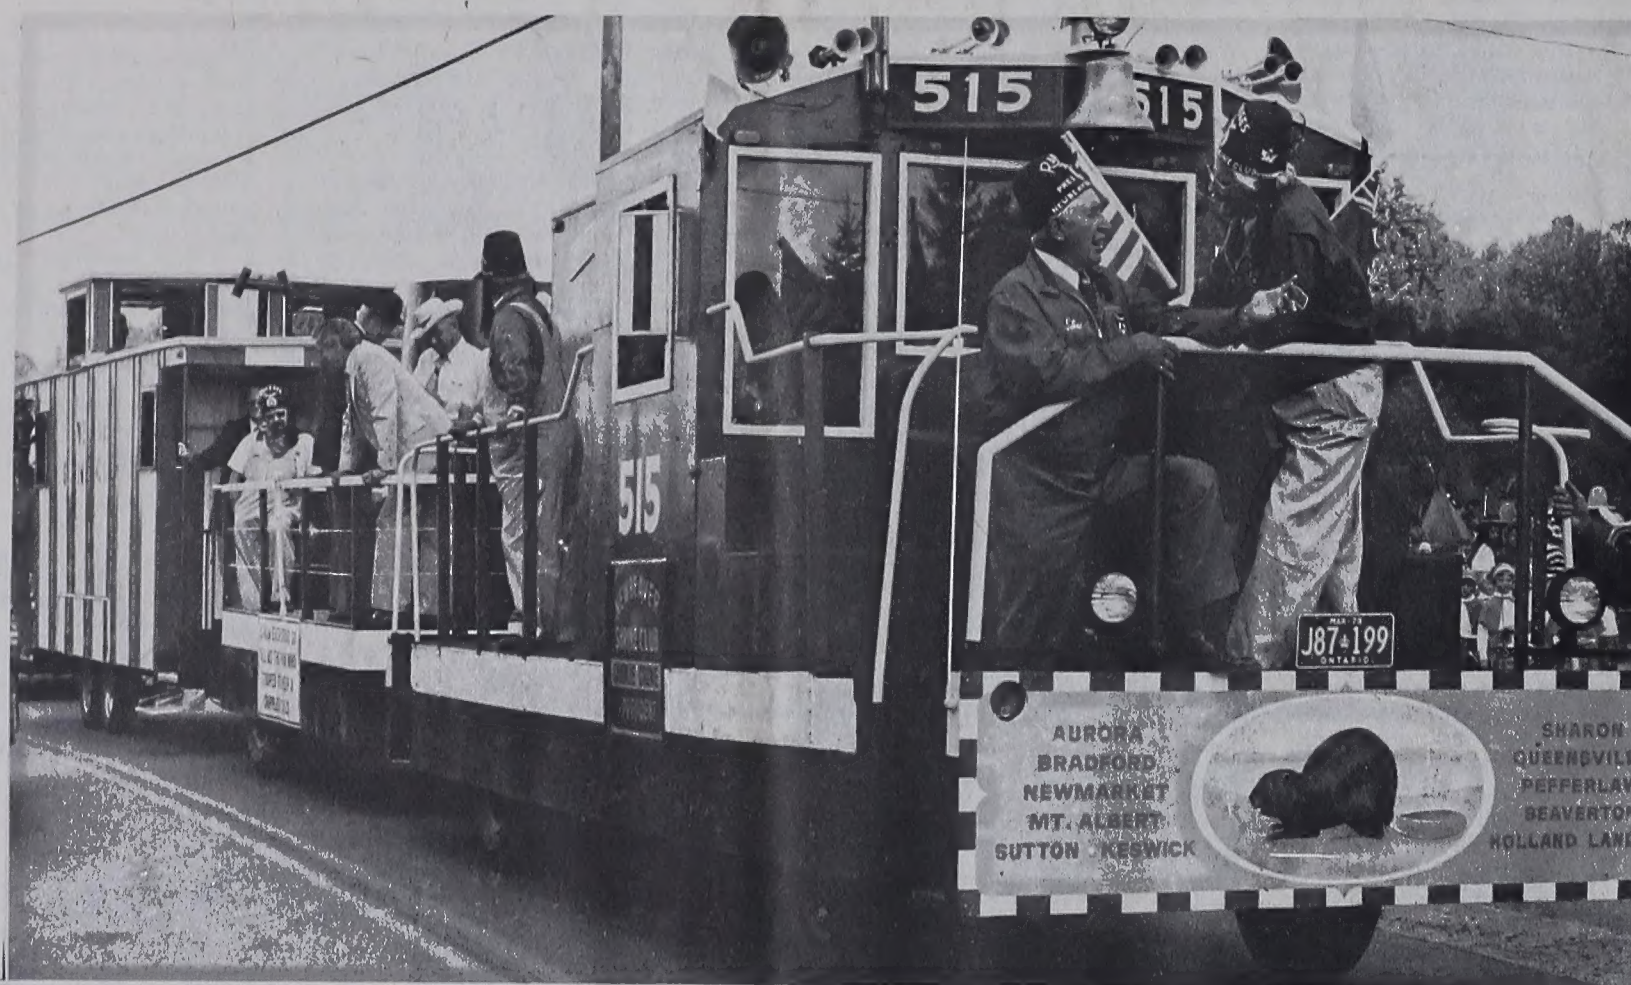

If weather is favorable we may go to Heritage Park and on Saturday head out for Edmonton, then wind our way home.

A holiday and visit is great, though too much time away from work can make you appreciate the value of work. The rest has been good and much needed and we appreciate the many beautiful areas of our own country. The only dreary part are the plains in Saskatchewan and parts of Alberta. Just too barren for our tastes!

There was a big explosion and a home blew up here late Monday night though I am sure nothing like that has happened at home. This explosion hit the national news at 11 p.m. on Tuesday night so is most unusual. From all reports it seems it could have been a gas leak caused it all. The man who lived in the house was killed. That's all for this week. Hope this hasn't been boring and more will follow next week.

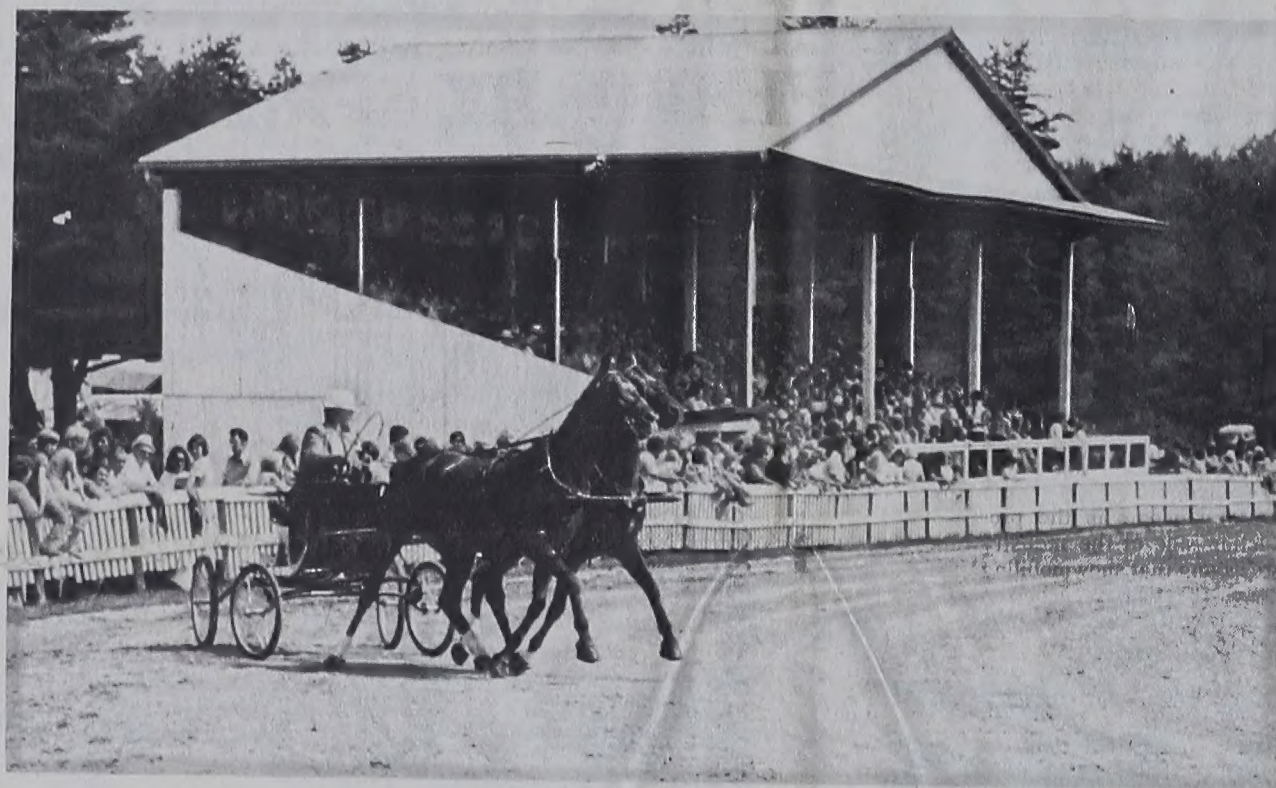

Adios for now.

# News of the district in The County Echo

The Newbeaver Shrine Club, which is from an area around Lake Simcoe, and south as far as Newmarket, was well represented at the Kinmount Fair Parade on Saturday with this "train." Among the

distinguished passengers on the train were Member of Parliament, Bill Scott, and Member of Provincial Parliament, John Eakins.

This horse team was part of the show at the Kinmount Fair last Saturday and Sunday. The Fair featured horse shows, a grandstand show, a demolition

derby and a number of other interesting events. There were a number of agricultural events at the Fair, including horse drawing contests.

The Kinmount Fair drew record crowds over the weekend to witness events like the horse show. The Fair, which was held Saturday and Sunday, featured a

number of other events such as an amateur contest, midway and places to buy crafts.

The amateur contest at the Kinmount Fair was one of the popular events held on Saturday. The contest drew so many people to watch and listen that the spectators filled up all of the seats and were forced to

sit on the ground or stand. The Fair, as it has been over the years, was a great success, with thousands of people attending both days of the event.

## Chatting with Irene

286-1674

Well my friends I have chalked up another first for me, after living in this area for over 40 years I finally made it to the Kinmount Fair last Saturday. Unfortunately, I and many others, along with Carol Baker's musicians, got caught in the traffic jam. Finally we made it and got to hear and speak to one of our most talented country music stars in Canada. Being born in Nova Scotia she is truly a Canadian great and full of personality plus. It was worth all the 2 hour frustration of trying to get from the railway tracks to the fairgrounds to hear her, for truly that is how long it took us, as we timed ourselves - there was nothing else to do. Weatherwise, it was a perfect weekend for the fair.

My apology to Gordon and Ruth Kellett. It was the Kellett's, not the Shelley's who vacationed in the Muskoka Lake area.

Another Wintario draw is over and congratulations to Shirley Walker for winning \$10,000.00. Another winner was R.J. Hughes with \$25.00.

Did you know that if you add one chicken bouillion cube to a macaroni and cheese casserole before baking, it changes the whole aspect.

Attention ladies please - the September meeting of the Women's Institute has been moved forward to Wednesday, Sept. 14. It will be held at the Orange Hall with the regular committee in charge. The U.C.W. wish to thank the W.I. for doing this as the area really is being held at the United Church on the regular W.I. date.

Dropped in to have a chat with the ambulance drivers the other day as I saw that both ambulances were there. The men were telling me that during the last two weeks of August they had made 30 trips. One day they made 7 trips so it is no wonder they take a rest when they can. They will could use more helpers as drivers, for over at the Kinmount Fair they were on call both days.

## Maple Lake News

by Ada Gibbs

The Gerald Johnson family have returned home to Ilderton, Ont., after a well earned vacation at their summer home here. Miss Michelle, who arrived after the family had been here for some time, is remaining with her grandmother for another week. Rev. Gerald, who was called home on business during his holiday, will be returning for another short period. Bill Johnson, of Toronto Meteorological Services, has also been on a short holiday.

daughter, Mrs. Fred Toye, and his brother Oscar Sisson, this week.

Mrs. Margaret Gardiner, of Little Boshkung Lake, has had her sister and her husband, Mr. & Mrs. Alex Stewart visiting with her recently.

Mrs. Alice Smith, of Toronto, has spent part of the summer with her daughter, Mrs. Muriel Robb, and her little granddaughter.

We are late in reporting that the John Dyer's had to return to Oshawa for various reasons. Mr. Dyer has been having hospital treatment and we understand he is already feeling better.

The congregations of both St. Stephens, Boshkung, and St. Peter's, Maple Lake, turned out well to attend the joint farewell service for Rev. D. Brown, at St. Paul's, Minden. For those who are interested, Rev. Brown's new address will be: Fr. Douglas C. Brown, Holy Cross Monastery, West Park, N.Y. 12493.

It's a sure sign the summer is over when the bowling season opens. All ladies interested in bowling with the Thursday afternoon league are asked to be at the alleys Thursday, September 15, at 1 p.m. sharp. Everyone is welcome.

The Jack Yatemans had as guests last week, their son and his wife, Mr. & Mrs. Gary Yateman. Gary and Barb have now returned home to Swastika in preparation for their teaching duties in Kirkland Lake.

Mr. & Mrs. Stewart Dawson have returned home from Edmonton where they have been on vacation with their son, Harold. Welcome home, Minnie and Stewart.

We are glad to see Carrie Drysdale able to get around a bit better with the help of crutches. Carrie has had a long siege of treatments on her feet, followed by surgery. Let's hope the Doctors have really got to the root of the trouble.

Several of our local folk spent Wednesday of last week with Mr. & Mrs. Norman Hallett, at their comfy cottage on Lake Kashagawigamog. The Halletts have now returned home to Toronto for the fall and winter season.

Mr. Alan Sisson of Dunsford, who is still recuperating after a long and serious illness, is visiting with his

A little note to Sheila Lake about the humming bird. They have been quite plentiful in our area this summer. They seem to love sipping the dew, and the nectar from my flowers. As we eat our meals it is not unusual to see two or three of these busy little birds at work. I was led to believe that the humming bird always kept on the wing, but I have seen it at rest on a twig on two different occasions.

Miss Mabel Geary, of Toronto, is spending the holiday weekend with her friend, Ada Gibbs.

Starting Wednesday, Sept. 7th, Stanhope Library hours are changing. They are as follows: Wed. & Fri. 7 - 9 p.m.; Thur. (temporarily) 10-12 a.m.; and Sat. 2-4 p.m.

## County sports

BY JIM BADGLEY

You don't have to be a genius to realize that the people of Haliburton County are fortunate in the number of sports facilities there are in the area.

Most of the towns and hamlets have adequate softball diamonds and park areas. There are three arenas in the county or at least going to be three. (Name an area with the same population as that with that many arenas). There are also three curling clubs or as with the case of the arenas, going to be three.

We are indeed fortunate to have these facilities. Many areas would be proud to own just an arena.

The last town I worked in had a population of almost 30,000 and didn't have an arena for many years (there were some in neighboring areas).

Some people in our communities know the value of these arenas, curling clubs and parks. There are dedicated groups in all of the communities who give freely of their time to keep supporting these facilities.

In Dysart this year there has been a fund raising drive to make some necessary improvements to the arena. The fund raising has gone off with few problems and the necessary money has just about been raised.

In Monmouth Township a much more extensive fund raising campaign had to be launched for the rebuilding of their arena. Because of the size of the community and the amount of money that had to be raised.

As in the case with Dysart, Monmouth and its people have come out in full support of the arena fund and it is doing quite well.

Six straight wins

## Haliburton Legion takes Tri-County championship

### Along the Trails

BY ROY BATES

#### SOME THOUGHTS UPON RETURNING

As you have noticed, we've been absent from these pages since May. That's because this is a snowmobile column and those machines are not operated in the summertime. But we have not been on vacation for we are employed in the tourist industry and we were unusually busy this year. So busy, in fact, that we found it difficult to believe the rumors that were circulating to the effect that it was not a good tourist season. We were, therefore, pleased to read Bob Stinson's summary of summer which effectively dispelled some of those rumors. Perhaps we may be permitted a few observations of our own on tourism. We promise to get more deeply into snowmobiling next time.

#### THE MASTER KEY

We have long held the belief that the key to a successful business is customer satisfaction. In the tourist industry a friendly, welcoming atmosphere is the master key which should open the door to clean, comfortable accommodations, good wholesome food, and some opportunity for relaxing recreation. When these are attractively packaged in pleasant surroundings and served up with a reasonable price tag the visitor will be happy and will return again and again. We do not believe that a shiny new cash register mounted beside the guest register is a tourist attraction.

#### PROMOTION ON THE AIRWAVES

Good promotion of a region is not always terribly expensive. And sometimes it comes to us absolutely free - as it did one night last week. We had given up on television and tuned our radio to WBZ Boston, a station that reaches out to thirty-eight states and five provinces and runs a series of telephone talk shows from early evening throughout the night. Our favorite segment is the Paul Benzaquin Show in which the host will discuss with his callers virtually any subject they care to introduce. The conversations may range from nonsensical, to topical, to extremely controversial and highly intellectual. Certainly more entertaining and educational than your average late movie.

"Hello, Daisy," says Paul, "Where are you calling from, and what will we talk about tonight?"

The lady lived in Minden and had called to say how much she enjoyed the show. He was pleased to hear from Ontario, he said, particularly since he had recently visited the Gananoque area and had enjoyed very much the beauty of the place and the hospitality of the people.

"Oh then," she said, "You must come on up to Haliburton!"

In the conversation that ensued, Paul's skillful questioning and Daisy's great enthusiasm combined to create a glowing verbal brochure of the soft, gentle, peaceful beauty of the Haliburton Highlands, and her voice, throughout, carried an unmistakable tone of, "You'll be welcomed here!"

We wonder how many thousands of people said to themselves that night, "That is where we should go next summer." We hope when they arrive that they'll be greeted by people who share Daisy's feeling for Haliburton County.

Daisy of Minden, we love you!

#### ON FACING WINTER

Since the snowmobile industry is becoming more and more closely associated with the tourist industry, let us now, in this snowmobile-turned-tourist column, take a quick look at the winter side of the ledger.

Many people in the production side of the industry are saying that snowmobiling as a recreation has reached its levelling off point. This may well be true considering the pressures of inflation, conservation of non-renewable energies and the increasing popularity of other forms of winter recreation. This does not mean, however, that snowmobiling is dead or dying. What it does mean is that there will be stronger competition for the snowmobile's business in all tourist regions of the North American snowbelt. Haliburton, being blessed with excellent snowmobiling conditions, need look only to the facilities it offers in meeting this competition.

In fact, the next few weeks we will be telling you about the fall and winter projects of the Haliburton County Snowmobile Association and several clubs in the region designed to extend and upgrade the snowmobile trail system of the county. The success of these programs will depend to a very large extent on the support received in the community, from the individual snowmobiler who will enjoy better riding to the businesses and the municipalities who will enjoy greater income. Support the people who are working for you.

#### TENDER MECHANICAL CONTRACTORS

Replacement installation of sanitary sewage, septic tank and weeping bed system at the Algonquin Research Station, Dorset, Ontario.

TENDER # LIN-77-109 P67374

Services

Haliburton - Haliburton Legion came up with six straight wins to take the Tri-County Fastball championship.

Haliburton, who lost its first two playoff games to Minden, came back to win that semi-final series 3-2 and then downed Bobcaygeon 3-0 to win the championship.

Timely hitting by Dwight Sisson and Blair Pierce gave Haliburton the victory in the third game of the Bobcaygeon series. The club won 4-2 right in Bobcaygeon.

In the second game Haliburton, playing on its home field, came up with a 5-2 win and the club won 4-2 in the first game played in Bobcaygeon.

Craig Stamp recorded all three victories on the mound for Haliburton. Stamp was the pitcher of record in all three games the team won in the Minden series.

Bobcaygeon finished the

regular season in first place and Haliburton was second.

Legion did not fair too well in a tournament played last weekend though.

The team lost its game 3-1

to Lindsay, downed Uxbridge 8-0 and then lost to Fenelon Falls 5-1.

The tournament was played in Fenelon Falls over the weekend.

# Chatting

From page 6

Plate glass just ain't what it used to be. As many of you may have noticed last week one of the doors at the Red and White had no glass so being curious I asked what happened. The manager told me that it had been hit by a shopping cart that was being put away.

It was nice chatting with Larry and Molly McKenzie who were up from Willowdale for the long weekend.

Congratulations to Jim Shaw who is now the new manager of Gull River Homecare (Buildall) as Sigmund Weiss has retired for the second and last time, he hopes.

The A.I.D. Tag Day was very successful with all the taggers working hard and Pat Brady being the one who sold the most tags.

You all have heard the story of fathers who get their sons electric trains for Christmas, and father plays with the train first. Well here is a new one. This father got a mini-bike for his sons and decided to try it out, being more of a horseman than a bike rider he forgot the throttle, so the bike went one way, father went the other, it was worse to ride than a bucking bronco so father is nursing his ribs and the bike is locked away until father learns to ride it.

It sure is funny what you can use for good recipes. Here is one that has no eggs but does have salad dressing in it and is a lovely chocolate cake. 2 tsp. baking soda; 2 cups flour; 1 cup white sugar; 4 heaping tsp. cocoa; sift this twice then make a hole in the centre and add - 1 cup cold water; 1 cup Miracle Whip salad dressing; 1 tsp. vanilla; beat until smooth; bake in 325-350 degree oven for about 1 hour or until done.

See in September Chatelaine that there are some beautiful old homes pictured from Lunenburg, N.S. I have seen the same type in most N.S. towns. It is to be hoped that we in Ontario will do what we can to save the old homes in our province, even if we are not as old a province as N.S.

Minor hockey had another successful bake sale last Saturday, but don't forget the Knette Flea Market and Rummage Sale on Sept. 17th, it is for a good cause.

Now we must all remember that between 8-9 a.m. and 3:30 p.m. and 4 p.m. during the week the traffic will be heavy what with bake sales and school busses on the road as well as families walking to school and we must be watching in all directions.

Adios and take care now.

## Fort Irwin quilt draw

Mr. W. Sugden, of Haliburton Lake, was the winner of the Fort Irwin Resident Ladies' Association quilt draw.

The winning ticket number was 1007.

## Gems of Truth

The Sin of Moses: Numbers 20:21

The man Moses who Jehovah God used so much in His dealing with the Children of Israel was indeed a good man, but he was not sinless. He has been described as the "meekness" of men, Numbers 12, but even the meekest men when aroused to indignation can do some very unworthy things. It was at a time when the patience of Moses had almost spent itself on the multitude of ungrateful, complaining and nagging Israelites, that the old human nature of Moses broke loose and caused him to sin.

It is not for naught that we are given a short resume of these years and days in 1 Corinthians, Chapter 10:1-11 and then is added the note of warning in verse 12 to "take heed" lest this we fall from our own steadfastness.

Moses, the meek servant of God was so wearied and hurt with the murmuring and ingratitude of Israel that he "sinned" grievously against the Lord. He was guilty of the sin of disobedience and failed to glorify God in the sight of His people. He obeyed God only to a point, his obedience was imperfect. He "took the rod from before the Lord as He had commanded him," but failed to follow through

with full instructions, 20:9.

No doubt he fully intended to act according to God's command, but when he faced the people again and looked into their hard, stubborn, sour faces, his feelings got the better of him. His words and actions were an affront of the gracious dealings of the Lord Jehovah and as Psalms 106:33 says, he spoke inadvisedly with his lips. He went beyond God's command to speak to the rock, but instead he spoke to the people and this in such a tone and manner as to set himself up as the Great Provider. He made it appear as if he had the power to bring water forth from the rock - Numbers 20:10. Putting himself on the level of Omnipotence, he was robbing the true source of the glory due him. What a lesson for all of the Lord's servants! How often successful Christian workers are tempted to exalt themselves in no secret, it becomes very evident in their speech and conduct, and to hear them talk one would get the impression that all the achievements are due to their good plans and judgements. Those who are truly consumed with a passion for the glory of God and our Lord Jesus Christ shrink from the least thought of self glory and are very careful that no credit for success is rubbed off on their

shoulder. Ps. 115:1, Acts 3:12, 14:13-15.

Moses not only spoke to the "people" instead of the "rock", but also in his anger struck it with his rod, and that "twice". In this act of disobedience, of self-glory, of bad temper, he had dishonored God, whom he represented before the people. God showed favor to His rebellious people, not anger. How gracious the Lord God is to all of us! He did not even withhold the water from flowing freely after Moses' act of disobedience. The need of the people was met, and the sin of Moses did not prove a hindrance to the grace of God. What He had promised came to pass, "and the water came out abundantly, and the congregation drank, and their beasts." Numbers 20:9-13. The punishment to Moses was seen in the fact that he was not permitted to lead the people of Israel into the land of promise. Sin may be forgiven but its consequences remain, it leaves its mark.

The lesson of the "smitten rock" is obvious. Paul tells us in 1 Cor. 10:4 "that the 'Rock' is a type of the Christ. He is that 'Rock' smitten, that 'Life' might flow from His death. The condition of Israel in their thirst and need is the picture of the human hope-

lessness. They were hopeless apart from Divine intervention, and they had no other source of help apart from Him who had created the situation in their unbelief.

What a comfort to know that we have to do with a Living God! His patient grace can bear with our manifold failures and shortcomings and His strength is made perfect in weakness. Friends may fail us or pass away, but God remaineth. How we need to heed His Word and drink at the "Overflowing Fountain of Life!"

## Annual Gideon banquet

The annual Gideon Banquet, to be held on Saturday, September 10, will again give the public the opportunity to share in the service of the Lord by providing Scriptures for our next door neighbors in the Province of Quebec. "The door is wide open at this time to provide Bibles

and Testaments to the school children of Quebec and some 500,000 are needed for immediate distribution," a release states.

Mr. Norman Penney from the Canadian Gideon headquarters in Guelph will be the guest speaker. Special music

is being supplied by the Dave Garst's of Lindsay.

"Why not plan to attend this fellowship event and receipt up-to-date information on the service rendered by the Gideons and the open door set before them," the release notes.

## Wedding

### Bird - Montanaro

Wendy Lynn Bird, of St. Catharines, became wife of Luigi Michael Montanaro of Toronto, on Saturday. The wedding took place in Facer Street Baptist Church with Dr. Dan Krusich officiating, on August 6, 1977.

The bride is the daughter of Mr. and Mrs. Jack Bird of St. Catharines, and the groom's parents are Mr. and Mrs. Vince Montanaro, of Toronto.

Given in marriage by her father, the bride wore a gown of sheer white organza with venise lace framing the princess neckline. Venise lace also accented the high rise waistline and long slim sleeves that ended in handkerchief cuffs. A deep ruffle hemmed her controlled skirt and built-in train. Matching lace formed her Juliet cap and bordered the chapel-length

illusion veil. The bride carried a soft cascade of white daisies, yellow and orange sweetheart roses and baby's breath.

The maid of honor, Lorrie Smith of St. Catharines, wore a deep yellow quiana jersey gown. The bridesmaids, Pat Bird of St. Catharines, and Rosa Montanaro, of Toronto, wore matching dresses of pale yellow. They all wore white picture hats and carried nosegays of white daisies, yellow daisies, orange miniature carnations, yellow button mums, corn flowers and baby's breath.

Don Foster of Mississauga was the best man, and Dale Robertson of Scarborough and Nate Giangioppi, of Toronto, ushered.

A reception was held following the ceremony at the Club Capri in Thorold.

The couple will make their home in Thorold.

Bird - Montanaro

## The Word of God

Brian V. Sullivan

We have been examining the resurrection of Jesus Christ from the dead. Is it possible that the gospel writers made up this account just to bring the life of Jesus to a reasonable close? Some seem to think that, and others by their actions declare it.

If the resurrection of Jesus Christ was a piece of fiction, why doesn't history reveal it so? Why didn't those Jews who were present in Jerusalem challenge it on Pentecost (as recorded in Acts 2)? To suggest that this might have been pure fiction is to avoid the testimony of the angels, the witnesses, and the inspired writers of the New Testament.

How important is it to believe in a resurrection? Paul dealt with that problem in 1 Corinthians 15 when he answered some who did not believe in a resurrection. He declared: "And if Christ be not risen, then is our preaching vain, and your faith is also

vain. Yea, and we are found false witnesses of God; because we have testified of God that he raised up Christ: whom he raised not up, if so be that the dead rise not. For if the dead rise not, then is not Christ raised: And if Christ be not raised, your faith is vain; ye are yet in your sins. Then they also which are fallen asleep in Christ are perished. If in this life only we have hope in Christ, we are of all men most miserable." (1 Corinthians 15:14-19). The next verse is the one that I like the best in the whole passage: "But now is Christ risen from the dead, and become the first fruits of them that slept." (1 Corinthians 15:20). Paul has no doubts, he knows of a certainty that Jesus is raised.

Consider what Paul said: If there is no resurrection then Christ is not raised. If Christ is not raised the preaching of the apostles was in vain, of no avail, based on something that could not offer hope nor

help. And, in relationship to the message preached, if it was received as truth when it was not, then the faith based on it would also be vain. Declaring the resurrection of Christ meant that they attributed this to God. If God did not raise Christ, then Paul and the others were saying that God did something which He hadn't done, that would make them false witnesses of God. Without the resurrection being true, Jesus could not be true. If Jesus was not the true son of God, then there could be no forgiveness through him and any other promise he made would be to no avail. The resurrection hope for their loved ones would also be in vain if Christ was not raised. If you don't have first-fruits (the first ripe fruit on a plant) then you won't have a later harvest. Finally, if Christ was not raised, then the individual who had devoted his life, energy and strength to Christ did so with no reward in sight. His suffering, shame, reproach and abuse he received at the hands of his fellow man would not be for any purpose, it would have been in vain. But, Christ is risen Paul declares. Yes, Christ is risen!

## Save electricity, save natural resources.

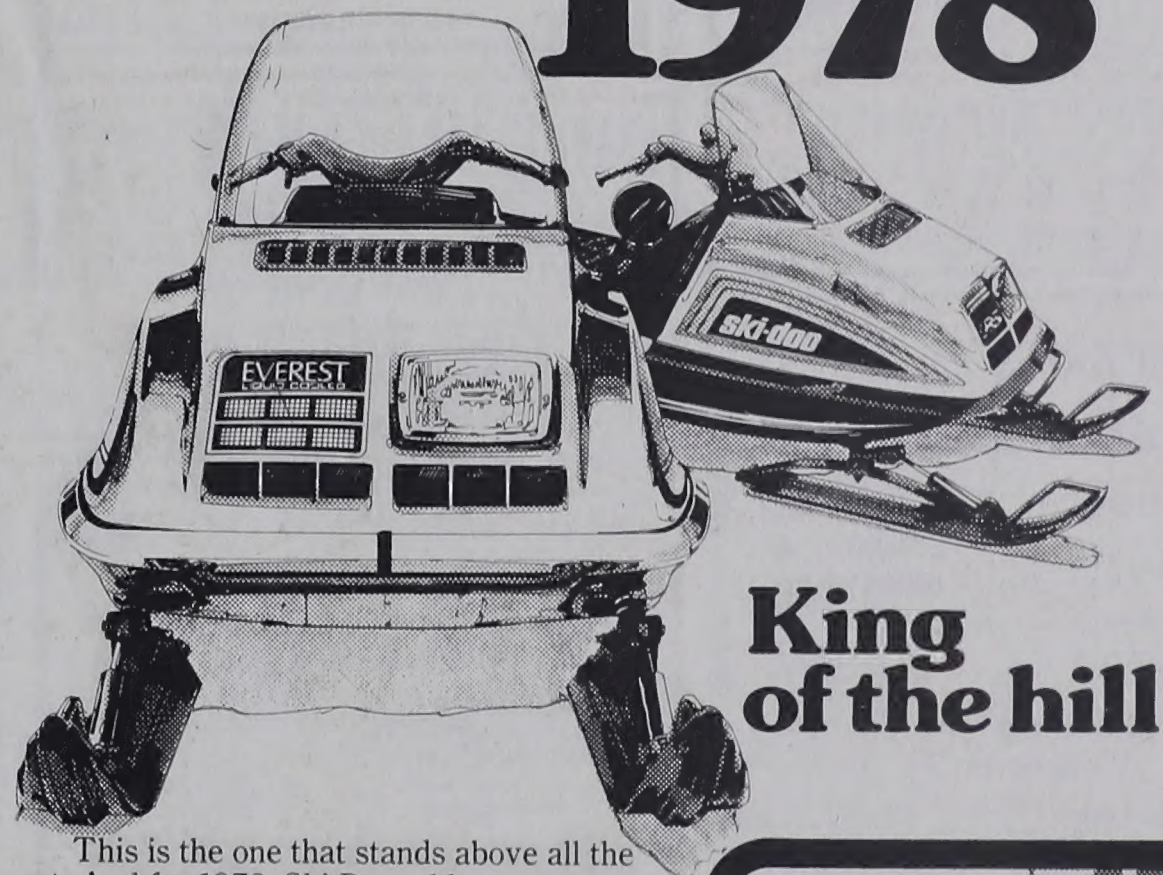

About a third of Ontario's electricity is generated by burning fossil fuels... coal, oil, natural gas. The price of all these natural resources is increasing rapidly. The price of coal, for example, has tripled over the last five years. Higher fuel costs inevitably show up in the price you pay for electricity.

Save electricity, and you'll save money. You'll also be helping to conserve dwindling natural resources for other important uses... transportation, agriculture, chemicals.

Conserve energy.  
The future depends on it.

# EVEREST® 1978

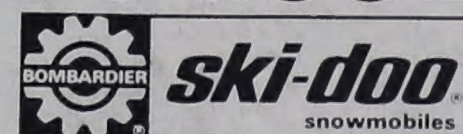

King  
of the hill.

This is the one that stands above all the rest. And for 1978, Ski-Doo adds a new dimension in performance: The Everest 444L/C. The big Rotax engine is liquid cooled, the result of 5 years of R & D. Other wide-ski Everest models offer a choice of 440 or 340 fan cooled Rotax engines.

Standard on all models: Torque Reaction® slide suspension for the best ride in the business. Instant Torque® square-shaft drive pulley to transfer more of the Rotax power to the track with minimum wind-up. Electric start available, factory installed. When you see them, ask about our new Two-Season Warranty.

WIDTH: 40 ft.

**Plan Number 76-1616**  
The pleasing exterior of this three bedroom one-and-one-half storey contemporary has the lofty appearance of a country estate, featuring cedar shake or asphalt shingle roof, stone veneer chimney and a sloping roof extension over the rain-sheltered entrance.

Two steps down from the entrance takes you into the spacious living room with vaulted ceiling and corner fieldstone fireplace. This room affords easy access to both dining room and kitchen yet still provides seclusion for entertaining.

The U-shaped kitchen is conveniently central to the dining and family rooms, and has generous counters and cupboards. The adjoining three piece vanity bathroom, utility room with washer and dryer and the large storage area off the family room achieve the greatest possible convenience.

A variation of this plan, (Plan No. 77-1616), has a full basement into which the utility room could be moved, allowing expansion of the family room or additional storage area.

The already large family room has sliding doors connecting to the patio and is divided from the kitchen by a snack bar. This bar could be replaced by a separating wall which, combined with the removal of the utilities to the basement, could be of enormous benefit to the family with younger children - providing a vast indoor child-oriented area with easy access to the outdoors.

The upstairs has a luxuriously appointed master bedroom which has a three piece ensuite bath with skylight dome and a large closet connected to the attic storage area over the garage. This area could easily be developed into an even larger walk-in closet or some combination of closet-storage-of-fice.

Plan for design No. 76-1616 may be obtained at a cost of \$60. for the first set and \$9 for each additional set, plus \$4.00 for postage and handling. B.C. residents please add 7% sales tax.

Send for the current edition of Select Home Designs Series #34 featuring imaginative decorating and home improvement ideas plus 350 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, The Haliburton County Echo, 382 West Broadway, Vancouver, B.C., V5Y 1R2.

## From the Chamber

BY BOB STINSON

We have two important anniversaries to celebrate this week within the Chamber. It was just two years ago this week that I started with the Haliburton Highlands Chamber of Commerce as the Secretary-Manager and just one year ago Elaine Blakey was hired as part-time secretary. An awful lot has happened in the last two years since I started and even more changes have been made in the past year since Elaine joined the staff here. One of the more visual changes has been in our office facilities which underwent a major change this summer with the help of the Young Canada Works crew. If you haven't been in the Welcome Centre at Minden since all these changes took place, do drop in and say hello, and while you are here, pick up one of the new colorful county road maps that the Chamber has just produced. We also would like to remind all of our members that this office is open year round and even though the summer is over, we still wish to carry a good supply of literature from all our establishments.

The Ministry of Industry and Tourism is planning to introduce a grading system to accommodation facilities. For this reason they have engaged a consulting firm called James R. Hepple, Panel, Kerr, Forster and Associates to undertake a survey and make recommendations. One of the questions looked at those factors the travellers consider most important when selecting accommodations, so that they know which things have a priority and which are considered to be of little significance. It was stressed that the accommodation was being selected before setting out on a trip. Two tables below show how the respondents ranked the factors when choosing a motel as part of a personal vacation trip. Most of the factors would still hold true for other types of accommodation.

1. Cleanliness of accommodation.
2. Room rates.
3. Convenience of location of accommodation when in transit.
4. Friendliness of staff.
5. External appearance of building or buildings.

6. Variety and number of eating/bar facilities.
7. Size of room, bathroom facilities and number of fixtures in room itself.
8. Proximity of accommodation to place of recreation.
9. Age of building.
10. Variety and number of entertainment facilities.
11. Number of guest rooms or units.
12. Managed by well-known chains or franchise.
13. Variety and number of outdoor recreational facilities.
14. Other.

This survey will confirm what most successful operators already know, that there is nothing more important than keeping your operation clean. The price and the convenience of your location are, of course, high importance, immediately followed by friendliness of staff. Far too often this important factor is not given enough attention. The Chamber felt this item was important enough to run a seminar on staff management and morale last June, hoping to get it in just in time to help operators with this particular season. Judging from the turnout most of our members do not feel they have a problem in this area. Many people have suggested that Haliburton needs some of the well known chains in this area before we will become well known. It is interesting to note that this priority rated number 12 on the list and is considered of very little importance.

The surprising things, having taken such a survey, is that the recommendations this firm came up with have room size as the first and compulsory requirement in regard to motels. You will note that size of rooms, etc. was number 7 on the list, exactly half way down. In spite of that they have suggested that motels be rated as follows: 150 to 160 sq. ft. - one star, 175 to 220 sq. ft. - two stars, 200 to 225 sq. ft. - three stars (excluding bathroom minimum 30 sq. ft.). Presumably, if any of your rooms are of a smaller size you will have to be graded for the smallest room, for a guest arriving late could be lodged in a small room. If a motel has 149 sq. ft. room with a color T.V., radio, shag rug, air conditioning, individual electric heat, a tilting and relaxing chair, steam sauna, bathtub and an original oil painting on the wall, it would not even be allotted a rating under this system.

It has been suggested that shortly an approval is expected for a one year trial of the grading system in its present suggested form. The intention is to seek out the problem areas during this year and get a fully fledged system in operation for 1979. This would be a disaster. These proposals need far more study before they are implemented even on a trial basis, because even on a trial basis, this rating system could put some operators undeservedly out of business.

MAIN ST — MINDEN

# Report from Queen's Park

BY MPP JOHN EAKINS

On July 11th of this year, the Minister of Labour moved Second Reading of Bill 22, an Act to amend The Labour Relations Act.

This legislation is intended to provide our province-wide, single-trade bargaining in the commercial and industrial sector of the construction industry. Hopefully, it will clear up some of the problems with respect to labour-management relations in this field. It will undoubtedly have a significant effect on the labour scene in the province.

Enactment of this legislation should result in the reduction of bargaining situations from approximately 250 to approximately 25, due to the requirement that bargaining within the construction sector be conducted on a single-trade, province-wide basis.

The principle of the bill is supported by the Liberal Party. However, we believe that this legislation is long overdue. Initially, it was introduced as Bill 176, then as Bill 14, and now as Bill 22. The prolonged delays were encountered because the Ministry failed to take a strong initiative to ensure that the legislation was passed expeditiously.

As long ago as 1968, the former liberal MPP for Sarnia, Jim Bullbrook, advocated this type of legislation. Again during discussions on the Bill in 1976, he called for support of the principle of province-wide, single-trade bargaining, recognizing that the leap-frogging and whipsawing which was taking place would contribute substantially to inflation. His analysis proved to be correct, and it is unfortunate that his warnings were not heeded at the time.

However, his representations, and those of other politicians and far-sighted people connected with contractors' associations and the trade union movement, have finally borne fruit, in the form of the current legislation.

Approximately 70 per cent of the agreements in the construction industry expired last April, and large segments of the industry are working without contracts.

Most of the renewals have been for a period of only one year, expiring in April, 1978. We are in sympathy with those people who have called, written and telegraphed, urging that the Bill should be passed to allow sufficient time for the parties concerned to make adequate preparation for 1978 negotiations.

Committee meetings are being held on the legislation, which will enable people wishing to have further input to make submissions. It is to be hoped that this process can be completed in time to allow the Bill to be passed early in the Fall session, enabling 1978 negotiations to be completed on time.

At present, meetings of the Resources Development Committee on Bill 22 are scheduled as follows:

- Sept. 6th, 7th - Red Oak Inn, Thunder Bay.
- Sept. 7th, 8th - President Motor Hotel, Sudbury
- Sept. 13th - Holiday Inn, London
- Sept. 14th - Inn of the Provinces, Ottawa
- Sept. 21st, 22nd - Superior Room, MacDonald Block, Queen's Park, Toronto.

Some of the matters which we believe should be dealt with at these Committee meetings are the concern of smaller union locals that their autonomy may vanish; the examination of how similar legislation has worked in other provinces; and careful consideration of an employer co-ordinating agency. In this latter connection, if the need is found for some sort of co-ordinating agency, consideration must be given to the extent to which governments should be involved in regulating the details of the agency's power - should it be left only to the Lieutenant Governor in Council or left more to the responsibility of employer groups?

We believe that the Committee should also be concerned with the effect of this legislation on Canadian autonomy.

Some thought should be given to the selection of negotiating teams, ratification of agreements, processing of grievances locally, and discrimination against those who are members of or wish to join Canadian unions in order to make sure that it does not affect the welcomed trend toward the greater Canadian autonomy within international unions.

One disappointing aspect of the legislation is that no new initiatives have been incorporated to assist in resolving disputes on a continuing basis.

**WEDNESDAY, SEPTEMBER 21st, 1977**

Tender Forms and envelopes for bidding purposes may be obtained from the District Office indicated above. Lowest or any tender not necessarily accepted.

**Ministry of Transportation and Communications**

## Extendicare

From page 4

It is nice that we predicted correctly. Mrs. Lorna Hogg, one of our efficient nurses, is back doing her work after a brief illness.

Rev. Trevor Denny, of St. Georges Anglican Church, officiated at our communion service Tuesday morning.

It was lamentable when about five years ago Mr. Berkeley Feir, of Haliburton, publisher of The Echo, was suddenly taken ill. It was fortuitous when it became apparent a nursing home was needed, that our Extendicare was chosen, and he became one of us. Since coming here he has been elected president of the "Happy Gang", the organization of Extendicare residents. Now we are pleased to see that he is listed as honorary publisher of The Haliburton Echo and Minden Recorder.

Mrs. Johanne Halcrow, of Markham, Ont., sister of Arne Andersen, took accommodation nearby so she could make daily visits with him. This is a splendid way to cheer us residents.

Mr. Charles and Mrs. Ethel Plewman celebrated their 62nd wedding anniversary on August 28. Some would call that devotion, others endurance. Anyway, we are all very happy with them.

Another word about our coming "Settlers Night". Looking at the program I see it is going to be spectacular. The date, September 23rd.

On Wednesday, Bill Finley went by ambulance to St. Joseph's Hospital for tests. These being satisfactory he returned the same day.

Thursday's movies gave some various views of Cape Breton Island. The second movie showed us good samples of the dances of the many of Canada's ethnic cultures. This was an interesting show.

Our spiritual leader for the Friday morning devotion period was Mr. Jim Cooper and the music by our Mrs. Florence Burk. It was during this service that we were told of the demise of one of our residents, Mrs. Rosina Dukes. She will be sadly missed.

A new resident, Mrs. Lola McColl of Tory Hill, was admitted today and already she is getting a hearty welcome among us. She is Jake Gill's sister and having a brother here it will be more like home.

Mrs. Evelyn Anderson had a painful fall very early Saturday morning. After an X-ray in Haliburton she was taken by ambulance to a hospital in Peterborough. We hope and expect that she will soon be back.
